

Larger Benefits Will Be Sought For Education

CALGARY, Nov. 2.—(CP)—

There is no guarantee the present high rate of provincial revenues will continue, Hon. R. E. Anley, Alberta minister of education, said today. He said that the province is not sure of the future of the federal government's annual convention on education.

"I can't even promise that school grants won't be decreased," he said. At the same time he promised that he would do his utmost to obtain larger benefits for education.

Mr. Anley predicted for Alberta and the rest of the province, immediately after the war, "certain fundamental changes were made." He said there was no sign of these changes coming.

APPROVE RESOLUTION

The convention approved a resolution requesting that schools be allowed to charge non-existent public school pupils a fee of \$2 per month with a new maximum of \$20 per pupil per year instead of the present \$10 per family per year.

Such attention was given to the problem of regulation of school grants. A resolution from the executive committee of the municipalities sought to have a uniform basis of assessment for school purposes.

"Assessments are in a state of confusion and it is imperative that the state take action to bring them into line," said A. E. O'Connell, Edmonton, president of the National Education Association. Some districts raised funds with a high mill rate on a low assessment, while others had a low rate on a high assessment.

CONSIDER MEASURE

The interim measure, until a uniform assessment policy can be worked out, was to be considered by the schools' boards. A resolution was passed that the provincial government should consider a measure to provide for the assessment of the schools.

This would help districts with a large school population and a low assessment, such as Lac La Poudre, said Mr. O'Connell, but richer districts could expect no more help.

The grant itself would be in two parts, he proposed, one a standard grant for all class room and gardens of standard, and the other an extra sum payable for special services offered by the district. The extra expense would be "a reward for effort."

"Several" American Warships Damaged

WASHINGTON, Nov. 2.—(AP)—

The Navy announced last night that "several" United States warships were damaged in the battle of the Philippines in the month of August. Japanese ships were sunk or damaged.

The ships listed as damaged were not identified by name or type nor was the extent of damage disclosed. They were the aircraft carrier, two destroyers, two destroyer escorts, two transport ships, and a minesweeper.

Soviets Near Last Barrier To Budanov

BY HENRY SHAPIRO

MOSCOW, Nov. 2.—(BUP)—

Soviet armored columns, smashing north through fierce German defenses, are now within 24 miles south of Budapest, and last major barrier before the Soviet forces reach the city.

(Berlin report that the Hungarian government had granted concessions after the Soviet forces reached the city.)

The enemy bastion was brought within easy range of artillery fire by the advance units of Marshal Rodion V. Malinovsky's 2nd Ukrainian Front. It was pushing a three-way drive against Budapest from the south, southeast and east.

WESTERN FRONTS

Elsewhere on the western front, a German communiqué disclosed that Gen. George Zakharov's 2nd White Russian Army had established a bridgehead on the west bank of the River Rhine, about 100 miles north of Warsaw, while in the northern Arctic region other Soviet forces cleared the entire Petsamo area, site of rich nickel and cobalt deposits.

The communiqué said the Germans carried out vicious counterattacks in the Petsamo area, but were repulsed. More than 3000 prisoners were killed in the Arctic attacks.

PRISONS PAID

There were no further reports of German prisoners being taken by the Soviet forces.

No U.S. Objections To Postponement Of Talks on Oil

WASHINGTON, Nov. 2.—(AP)—

The United States ambassador to London, Mr. Joseph P. Kamp, addressed a letter to the British government yesterday confirming the latter's desire to postpone talks on foreign oil concessions on an Iran until after the war.

The United States is raising no objection to the postponement and only "regrets" the delay, Mr. Kamp said. He said that the United States is raising no objection to the postponement and only "regrets" the delay.

9,948 Votes Cast

Mayor Fry Re-Elected, Citizens' Candidates Win

Continued from Page One

names on the list. In 1948 there were 10,442 ballots cast for approximately 18 per cent of the total of voters.

The record vote cast in recent years was in 1944 when 27,683 marked ballots for a 63.7 per cent of the voters' list total, and the

second was in 1944 when 28,300 voted to record a 57.8 per cent. In the aldermanic race the veteran labor leader, Ald. Sidney Bowcott was returned at the head of the polls, with Ald. A. Bluet, K.C., a close second. The vote for Alderman Bluet, 6,317 to give

the Citizens' Committee labor representative a margin of 280 votes. Alderman Sidney Parsons, also a labor nominee from the Citizens' Committee, finished in third place with a vote of 6,094.

MRS. CLARKE NEXT

Leading the defeated aldermanic candidates was Mrs. J. A. Clarke, widow of the late J. A. Clarke, K.C., former mayor, with 5,409 votes against the 2,311 cast for Mrs. M. K. Thompson, CCF. Mrs. Clarke, who ran as an independent, was defeated in the 1943 election running as a Progressive candidate for the aldermanic board. In the 1944 election she was elected for a two-year term.

Miss Thompson, a newcomer to civic politics, headed the CCF

nominees in the voting, being a margin of 113 votes ahead of Mrs. Edith Rogers. Jan Lakeman, running as an independent, was at the bottom of the aldermanic list with a vote of 1,585.

In the Public School Board division Mrs. W. J. Ross topped the poll with a vote of 5,595, her nearest opponent being G. N. Carothers, a running mate for the Citizens' Committee.

For the second successive year Mrs. F. C. Butterworth headed the CCF nominees, but her vote of 3,111 was 1,772 below that cast for Dr. Genovese, the third Citizens' Committee to be elected.

ONE-YEAR TERM

Mayor Fry was elected for a one-year term, and the aldermanic and Public School Board candidates elected will serve for two years.

Three nominees for the Separate School Board, A. J. Crowe, F. J. Killen, and J. O'Hara, all were re-elected by acclamation for two years.

The results of the election will be proclaimed by Returning Officer Alfred Russell at noon on Friday, and the inauguration of the new council will be held on Saturday next at 2 p.m., when elected aldermen will be sworn in.

Continuing aldermen are: H. D. Ainsley, N. Douglas, M. M. Downey, C. E. Gariepy, K.C., and R. Winslow Hamilton.

Continuing on the Public School Board are: F. J. Newson, A. E. O'Rourke, R. F. Robertson, and R. L. Sutherland, all of the Citizens' Committee.

The continuing trustees on the Separate School Board are: J. A. Gilliland, E. Malone, J. O. Pilon and W. J. Wilde.

ELECTION SMOOTH

Arrangements for the taking of the vote were excellent, and all deputy returning officers were on hand to open their polls on the stroke of nine. No untoward incidents were reported during the day, and many of the deputy returning officers were not approached for ballots until well into the morning. Some reported that the first ballots issued in their polls were shortly after 12 o'clock.

Mr. Sheppard won six of the 39 polls, with Mayor Fry taking the other 33 by large margins. In the Calder poll Mr. Sheppard polled 229 to the 146 ballot cast for Mayor Fry. The re-routing of the street car tracks to serve the Aircraft Repair, Ltd. plant is known to have influenced the vote of a large number of Calder residents who were affected by this re-routing.

The other five polls taken by Mr. Sheppard were those located in the southeast section of the city. Recently a deputation from the South Edmonton Branch Transportation Committee appeared before city council asking for extension of bus services to the Forest Heights, Bonnie Doon, and other districts in this area.

BUS SERVICE REFUSED

Members of the council, while not turning down the request for the extensions, adopted a policy that bus services would be confined to paved streets or streets about to be paved. This action, it was stated, materially affected the vote in these districts, and may account for the adverse poll against the mayor.

There were 81 rejected ballots in the mayoralty voting; 168 in the aldermanic contest, and 196 of the ballots cast for public school trustees were rejected by the deputy returning officers.

The Vancouver, a Brazilian stream, sometimes flows in one direction and sometimes in the other.

Dominion to Start Sending Shell Eggs To Great Britain

By JAMES MCCOOK

OTTAWA, Nov. 2.—(CP)—The United Kingdom man-in-the-street who has found dried egg powder a healthful food he could do everything with but enjoy, now will have tasty Canadian shell eggs for his breakfast.

Agriculture department officials

said yesterday that after more than a year in which nothing but dried eggs have been shipped to the United Kingdom, orders now are coming through for shell eggs.

They believed the changed requirements indicated that shipping capacity had improved. Under a 1944 contract the Dominion seeks to ship 75,000,000 dozen eggs to the United Kingdom, compared with 36,000,000 dozen in 1943, the price paid by the special products board being 35 cents a dozen at Montreal.

Pretender Is Said On Way to Europe

LONDON, Nov. 2.—(CP)—The London Daily Mail said today in a New York dispatch that Archduke Otto of Hapsburg, pretender to the throne of Austria, has left the United States secretly by plane for Europe.

The large force of Canadian heavy bombers ever to take the air of munitions and other materials.

Former Newsmen Captured Young German General

BLSENHEIM, Ont., Nov. 2.—(CP)—Maj. Jack Peterson, formerly a newspaper and photographer for the Peterborough, Ont., Examiner, captured Lt.-Gen. Meinel, presumably one of the younger officers promoted after Hitler's purge of older generals, in Holland, Peterson said in a letter received by his wife here.

The letter gave no details of the general's capture. Mrs. Peterson received with it Meinel's shoulder and hat insignia and his Iron Cross, first class.

Peterson now is in a Belgian hospital recuperating from wounds suffered Oct. 12 at Poodplaf, Holland.

Power Restrictions Removed at Coast

VANCOUVER, Nov. 2.—(CP)—

Power restrictions imposed on the lower British Columbia mainland last May will be lifted today, B.C. Electric Railway officials announced last night. The restrictions were imposed because of a power shortage due to low rainfall and light snow in the mountains last winter. W. G. Murray, B.C. Electric Railway president, announced he had been informed by Dr. E. A. Carothers, Public Utilities Commission chairman, that an improvement in the water supply following recent rains permitted lifting of the restrictions which imposed a partial dam here.

British Compensation Plan
Highlights Are Announced

By JOHN DAUPHINEE

LONDON, Nov. 2.—(CP)—The British government, proposing to treat workmen's compensation as a social service instead of a liability of the employer, has published plans for benefits and pensions payable as soldiers' pensions are.

Promoted

Staff Sergeant Instructor E. J. Guichen, who has been promoted to that rank, according to word received here by his mother, Mrs. A. Guichen, 1218 34 street. He served overseas from 1930 to 1932, and is now an instructor at Brockville, Ont. He is a former carrier boy for The Edmonton Bulletin.

Dewey Charges
F.D.R. Sells Out
His Own Party

BOSTON, Nov. 2.—(AP)—In a dual attack on President Roosevelt and his "violent supporters," Gov. Thomas F. Dewey declared last night that his Democratic opponent, in an "overwhelming desire to perpetuate himself in office for 16 years, has put his party on the auction block—for sale to the highest bidder."

And the highest bidder, Gov. Dewey said in a prepared broadcast, is not the "notorious one thousand clubs" but the "political action committee of Sidney Hillman and the communists of Earl Browder."

PLAYS HILLMAN, BROWDER

While asserting he had no quarrel with communism in Russia, the Republican presidential nominee played both Hillman and Browder as leading a fourth term move "to our form of government may more easily be changed."

Re-echoing the phrase—"Clear everything with Sidney" (Hillman) which he has attributed to Mr. Roosevelt in connection with last summer's Democratic convention, Mr. Dewey said:

"Sidney Hillman has become the biggest political boss in the United States, and in the words of David Dubinsky, Sidney Hillman is a 'front for the communists'."

Mr. Dubinsky, president of the potent international ladies garment workers' union, split with the American labor party last spring over the communist issue. He formed a right wing element of the party.

REPUBLICAN RALLY
Gov. Dewey, addressing a Republican rally, declared that with Hillman's aid "the communists are seizing control of the new deal, through which they aim to control the government of the United States."

"If they should succeed," he said, "the fundamental freedoms of every American would stand in gravest jeopardy."

The New York Governor said Mr. Hillman "slays the country squeezing dollars" in the fourth term campaign out of the working men and women of America, under threat that if they do not give the dollar, they will lose their jobs."

Donald M. Nelson
To Revisit China

By JOHN M. HIGHTOWER

WASHINGTON, Nov. 2.—(AP)—Donald M. Nelson, President Hoover's production trouble-shooter, is slated to return to China soon to help step up munitions production. The White House evidently believes the Stilwell effort has not prejudiced his chances for success. In fact, it was learned yesterday that some of the arrangements previously made for invigorating China's war effort are viewed not to have been upset by the President's recall of Gen. Joseph W. Stilwell at the request of President Chiang Kai-Shek.

By SPENCER MOOSA

CHUNGKING, Nov. 2.—(AP)—It can now be disclosed that Gen. Stilwell received his recall from Washington Thursday, Oct. 19. He took formal leave of Gen. Chiang Kai-Shek the next day. On Saturday, Gen. Stilwell drove to the airport and left China. Brooks Atkinson, New York Times correspondent, left for the United States with him.

In 1933 French investigators discovered that the kemping of rat fingers was not improved by any chemical used in the water unless it was disinfection with sugar.

school age" and to non-manual workers without any income limit, and will apply to accidents arising from and in the course of employment and to specified industrial diseases.

PLAN CENTRAL FUND

1. The liability, instead of being on the individual employer, will be on a central fund out of which all benefits and administrative charges will be paid.

2. The weekly contribution required for men will be about 10 cents, for women slightly under eight cents and the employer will pay half these sums, the employees the other half. One-sixth of

the total funds required will come from the treasury.

3. Pensions paid under the new scheme will not be affected by any subsequent earnings of the workman.

"This system is in many respects like that which is the basis of war pensions schemes," said a recent government white paper outlining the proposals.

"It thus requires a certain similarity between the position of the soldier wounded in battle and that of the man injured in the course of his productive work for his community."

HEALTH COMPENSATION

"Neither is liable to have his pension reduced on account of what he may earn after the injury; each is compensated not for loss of earning capacity but for whatever he has

lost in health, strength and the power to enjoy life."

The proposed scheme is a radical departure for Britain where, for nearly half a century, the compensation of workmen has been a liability, imposed by law, upon the employer. Inevitably compensation has become a disputable issue between the two parties, and a subject of public controversy.

Benefits will be the same for men and women.

An injury allowance will be paid as long as the workman is incapacitated unless it is replaced by a pension. The initial allowance will be 92s. and this will be increased to 98s. after 13 weeks if pension has not been arranged.

TO PAY PENSIONS

Where disablement is likely to be permanent or prolonged, a pension will be paid, based on the degree of disablement as assessed by a medical board. The maximum will be 80 per cent per cent disability. A man virtually unemployed will also receive a personal supplement of 82s.

Where the injury allowance is 92s. the allowance for a wife will be 82 weekly; where it is 98s. the wife's allowance will be 82s. Allowance for one child will be from 51s.10 to 51s.65. There will be no provision under the scheme for additional children in view of the government's plan for family allowances.

MAIDSTONE ATTACKED

MAIDSTONE, Eng.—(CP)—One of the most intense towns attacked Maidstone in Kent was shelled for two hours last June 13 by German long-range guns at Calais 60 miles away.

Large Populations
For New Zealand,
Australia Is Urged

WELLINGTON, N.Z., Nov. 2.—(CP)—Need for larger populations in Australia and New Zealand if they are to serve as British countries was emphasized yesterday by Francis M. Forde, Australia's deputy prime minister, at a state luncheon here.

He said after travelling through the sparsely settled North Island of New Zealand he was satisfied the island Dominion was destined to carry a population of 5,000,000 and in time 10,000,000 people. Its present population is about 1,500,000.

He believed Australia would have eventually a population of 30,000,000 compared with a population of 7,000,000 at present.

Aircraft Workers'
Strike Is Affecting
Lancaster Output

LONDON, Nov. 2.—(CP-Reuters)—Production of Lancaster bombers is affected by a strike of aircraft workers at a northwest England factory of Avro and Company, where 1,600 men, nearly all engineers, are out. The strike threatens to involve 30,000 next week-end unless a settlement is reached. The dispute concerns a wage agreement made last year. The strikers claim that other aircraft firms are acting upon an interpretation more favorable to the employees.

New York and Philadelphia have been the capital of the United States, in addition to Washington, D.C.

Please Make this Day come Soon—

CAN WE LET HER DOWN WHEN VICTORY MEANS THIS?

HOME! . . . Not one of us here can fully realize just what this would mean to our lads on the battle fronts . . . their loved ones at home! . . . How can we let them down when Victory means so much . . . We can't!

District News in Brief

Stettler Army Cadets Parade

STETTLER.—The Army Cadet Corps held a church parade to the United Church last Sunday evening, when similar parades were held in Canada. Twenty-four members of the cadets paraded, led by Lt. Banford, Sgt. Maj. Robertson, Sgt. Brennan and Cpl. Stettin. Others present were Sgt. H. G. Garth, with 10 Army Cadets, and Stettin, with which the corps is affiliated, and Principal S. W. Hooper of the Stettler school.

The Rev. C. S. Pinder conducted the service which was largely attended. The choir under the leadership of L. L. Willis, sang the anthem "The Holy City."

Gleaned From Rural News

PONOKA.—A farewell tea in honor of Mrs. F. Harris who expects to leave Ponoka shortly, was held last night in St. Mary's Parish Hall by members of the Women's Auxiliary, Mrs. B. Peacock, vice-president of the W.A., presented Mrs. Harris with a book on behalf of the members. Mrs. J. Phillips presented Mrs. Harris with a book. Mrs. C. Cline, Mrs. J. Northcott, Mrs. C. Wilson and Mrs. J. Phillips assisted in the service.

BOWDEN.—Members of the Bowden United Church Ladies' Aid are busy with plans for the annual dinner supper which will be held this month.

GLENDA.—A surprise farewell party was held for Mrs. Harrell and her family at the home of Mrs. B. Peacock, last night. Mrs. Harrell is leaving for the home of her husband, Mr. Harrell, who is in the military service. Mrs. Harrell is leaving for the home of her husband, Mr. Harrell, who is in the military service.

Brothers Serve Overseas

PTE. R. A. MITCHELL DVR. R. C. MITCHELL
Pte. Raymond A. Mitchell and Dvr. Ronald C. Mitchell, sons of Mr. and Mrs. M. Mitchell of Ennisville, who are serving overseas. Pte. Raymond Mitchell, 19 years old, was wounded Sept. 20 while serving with the Seaforth Highlanders in Italy. He enlisted in January, 1941, and went overseas in June. Dvr. Ronald Mitchell, 23, is serving with the 1st Canadian Divisional RCAC in France. He has been overseas since June, 1941. The family formerly resided at Last Lake in the Peace River country. The father is a veteran of the First Great War.

Returns Home

WHITECOURT.—Gur, Fred Maxwell is home on leave. He is wearing a military uniform. He is a member of the Whitecourt Pipe Band. He is a member of the Whitecourt Pipe Band. He is a member of the Whitecourt Pipe Band.

He's on the job-... ARE YOU?

We all know what our Boys on the fighting fronts have gone through . . . and are going through . . . for our safety. But they keep on going . . . they're on the job, night and day, day after day . . . without let-up.

And they don't expect to stop until the job has been done.

We at home must keep going too. We have a job to do. The

money to replace the munitions and supplies that our Victorious armies are using up, must come from us and it must come now.

It's a privilege to help them . . . a job that we can take pride in doing . . . and a job that our conscience should not let us neglect.

Our fighting men depend on us . . . and we cannot let them down.

And remember . . . when you buy Victory Bonds you help to pave the road to Victory and you also pave the road for your future prosperity. You only lend your money . . . and get it back with 3% interest added.

World News Highlights Presented in Picture Form

"It's Nice Work, Etc., Etc."

Not much chance of Hollywood chemist Joseph M. Kule going on strike as long as he has the job pictured above—spraying a sun-proof compound on the precious nylons worn by actress June Havoc in her new opus, "Brewster's Millions."

Decorated By The King

Announcement from Ottawa revealed that during the temporary illness and absence from France of Lt.-Gen. H. D. G. Crerar, commander of the 1st Canadian Army, he has been temporarily succeeded by Lt.-Gen. Guy Simonds. This is the latest photo of Gen. Simonds, left, taken when he was decorated with the CBE by His Majesty King George during the latter's tour of the Allied army fronts in Europe.

Pin-Up Role

Known best for her serious dramatic roles, actress Geraldine Fitzgerald gives up costume parts for a bathing suit in a new picture. Her prissiest agent enthusiastically claps the "one of the screen's best 'pinup figures'."

Der Fuehrer's Face

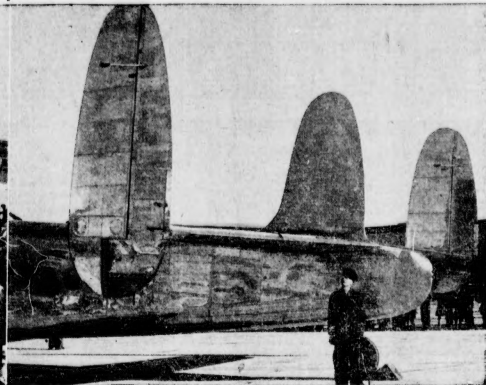

A member of the Belgian White Army, the underground, marches in the town of Bruges with a portrait of Hitler, impaled on the end of his bayonet.

Production of First Canadian Transport Plane Marks Loan Celebrations

First transport plane to be produced in Canada, the Lancaster "York" was unveiled to employees and visitors at Malton, Ont., during Victory Loan celebrations there. Here is the shining aluminum craft.

Employees of the plant, who were awarded a Victory flag for overachievement of their loan objective of \$1,300,000, were thrilled to see the "York" which rolled off the line. This is the tail of the plane.

Road Back From Boulogne Strewn With Rubble and Wrecked Hopes of Nazis

Arrogant despite the fact he has been vanquished, this Nazi captain prisoner looks belligerently into the camera while talking to an army photographer, Sgt. "Chuck" Barnett, after the Canadians took Boulogne.

Dejected Germans, who surrendered to the Canadians at Boulogne, trudge back to the prisoner-of-war cages over the rubble of an overhead bridge which they had blown up in the hope of stopping the Allied advance on the famed French port. Boulogne fell to the Canadians late in September.

Brown bread, buttered and sugared, made a hit with this girl waif after she was evacuated from Dunkirk.

Discuss Joint Air Bases

Operation and maintenance of air bases used jointly by the RCAF and U.S. Army Air Forces necessitates discussions between ranking officers of the two forces. Most recent of these meetings has been held in Ottawa under the chairmanship of Air Vice-Marshal W. A. Curtis, CBE, DSC, Air Member for Air Staff of the RCAF. Pictured above following the final session are Gen. E. W. Hockenberry, U.S. delegation, left, chatting with AVM Curtis.

Souvenir

Film Actress Ann Sheridan picked up this souvenir—an Indian Gurkha knife—on her USO-camp show entertainment tour of the Mediterranean and China-Burma-India theatres of war.

British Paratroops Land in Athens

Civilians can be seen running forward to greet British paratroopers as they drop from planes to an airfield near Athens. Laboratories met no opposition at the field.

"Shelling" the Voice

Reversing the usual swan demonstrations of the "sobby-sox brigade" civilians and men in naval uniform plaster life-size pictures of Frank Sinatra with eggs during his personal appearance in the Paramount Theatre, New York City.

Washed Up

Making good the words of the ditty they sang in 1940, the British are now "Hanging Out Their Wash on the Siegfried Line," as demonstrated by this RAF man who stretches his shirt across the barbed wire barrier on the "dragon's teeth" installations.

Mrs. Churchill Is Honored in London

Highly popular in Britain is the "Aid to Russia Fund," of which Mrs. Churchill, wife of the Prime Minister, is chairman. Mrs. Tinley, the "Pearly Queen," pins an "Aid to Russia" flag on Mrs. Churchill during the drive in London.

Horse Exports From Alberta Are Increased

Alberta horses, once thought doomed by the advent of power traction equipment, are coming into their own again, according to statistics of the provincial department of agriculture.

For the first seven months of the year, the province exported 18,119 horses valued at \$1,177,375, compared to 12,038 head valued at \$827,500 exported in the first seven months of 1943. The gain represents an increase of 49 per cent.

According to A. A. Campbell, acting livestock commissioner for the government, there is a good demand for horses in British Columbia, Quebec, and Maritime provinces for logging. Between January and June of this year, 1,153 head of Alberta stock went to British Columbia, 1,038 went to Ontario, and 1,000 went to Quebec.

Small landholders in eastern Canada have a high demand for horses in large numbers in the east, replacing ones formerly used for draught purposes. The coast, in demand for beef in the east, has been sold for as high as \$250 a head.

Demand for quality Alberta horses for work and breeding remains almost constant. Mr. Campbell reports, and now it is hard to locate good animals for these purposes.

Although official confirmation is lacking, it is counted many Canadian horses will be needed in the European market before long, possibly by next year. Most of the animals on farms in occupied countries have been taken by the Nazis for food and replacements will have to come from the state of the

Candidate

Atlantic. Until farmers in Europe are supplied with animals, it will be impossible for them to grow crops needed to feed that continent.

Salvation Army Congress Opens

VANCOUVER, Nov. 2.—(CP)—The Protestant Church of today is tragically weak and flabby; Col. G. W. Peacock of Toronto, chief secretary of the Salvation Army in Canada, told the opening rally of the 62nd annual Salvation Army Congress last night.

Raymond, divisional commander for Alberta replied on behalf of the Alberta delegates to the welcoming address of Major George Hartman of Vancouver.

To Aid Students War-Torn Lands

One of the major post-war issues of the International Student Christian Movement will be to aid the students of European universities and of other war-torn countries who have been forced to abandon their studies because of the war, according to the Rev. Don Reid, secretary of the movement at the University of Alberta, who spoke at a dinner meeting of the Edmonton Y's Men's club, in the YMCA, Vice-president Gordon Christian, was chairman in the absence of the president, John Denton.

Pensioners Plan Meeting Monday

The Alberta Pensioners' Society Incorporated will hold a public meeting in the IOOF Hall, 103 street, on Monday, Nov. 6, at 8 p.m. A special feature will be an address by Hon. D. B. MacMillan, minister of agriculture for the province of Alberta, on the social security.

Another feature of the evening will be an entertainment put on by the choir and orchestra of the Ukrainian Canadian Association. There will also be community singing. The public is invited.

YOU'RE IN THE ARMY NOW

"You mean to stand there and tell me this isn't Cherbourg?"

WILL AID DIVERS Swedish engineer, Arne Zetterholm.—(CP)—A new, harmless method of mixing hydrogen gas with oxygen for deep-sea divers, has been discovered by a 110 feet.

Air War Veteran Is Back in City

A veteran of one operational four-squad Sunderland Flying Boat, P.O. A. H. Russell, DFC, son of Alfred Russell, city clerk, and Mrs. Russell, arrived Wednesday from overseas, and protested he had "done nothing of interest." He is an Edmonton coastal command flier.

Excited parents and friends greeted the air ace at the station. He arrived with several other Northern Alberta airmen on the CNR.

FO. Russell was awarded the DFC for daring determination and skill as a coastal command flier. He said the DFC "came with the patrol" and he refused to comment on it. The flier is credited with at least one U-boat kill on patrol, guarding the approaches to the United Kingdom.

One of his other outstanding accomplishments as a pilot was when he dropped a portable radio transmitter to 18 survivors of a ship torpedoed in the North Atlantic, providing the means whereby a Canadian destroyer was directed to the rescue. The transmitter automatically

Back on Leave

sends out SOS signals when a crash is turned. He said it felt great to be home again after two years away on duty. FO. Russell was attending the University of Alberta as an engineering student when he enlisted in the RCAF in the fall of 1940.

Industrial Survey Urged by Coldwell

MONTREAL, Nov. 2.—(CP)—M. J. Coldwell, CCF national leader, said in an address last night that a nation-wide survey of industrial plants should be undertaken at once as the first concern of the new federal reconstruction department is to determine the pre-war capacities of industries, their present wartime capacities and the post-war needs of the nation.

"Only through such overall planning can jobs for all become a reality after the war," he said.

War plants owned by the Canadian people must be operated under social ownership or control. If they were turned over to monopolistic interests, some would be shut down while others would be operated part-time only. If the plants were turned over to private interests as the present government proposed, "we are back at 1929."

If temporary unemployment was unavoidable during the transition from war to peace production, workers should be given lay-off pay. Mr. Coldwell's address was the first of a series he will give in a cross-Canada tour.

n the Night of January 19th, 1944...

Corporal Harold Bradley Leppard was one of a patrol sent out to locate enemy positions on his regiment's front in Italy.

The patrol located an enemy post of unknown strength. Cpl. Leppard and the patrol commander to locate a prisoner, leaving the rest of the patrol in observation.

The two managed to get within 5 yards of the post undetected. Then Cpl. Leppard, with a machine gun opened up on them and wounded Cpl. Leppard in the stomach and twice in the arm.

Although severely wounded, Cpl. Leppard killed the German manning the machine gun and one other with his machine carbine. This enabled the patrol commander to overpower and capture the third member of the post.

Corporal Harold Bradley Leppard, M.M.

CANADIAN ARMIGURED CORPS

Where does Duty end, Corporal Leppard?

IF you can get men like Corporal Leppard to talk... which is apt to be difficult... they will assure you that in war there is no end to duty until the job is done—whatever the cost may be.

And you may think to yourself "That's all very right and proper for a fighting man, but surely it can't apply at this stage of the war to people at home like me."

Yet all the while, as surely as you ever knew anything, you know in your innermost heart that it does!

You know that to ease up before victory is an accomplished fact is neither courageous nor wise. Common sense will tell you that the terrific intensity of the war in recent months has greatly increased Canada's borrowing needs for war purposes. And while more and more Canadian boys are risking wounds and death daily—counting desperately on your support—you surely cannot betray their trust.

So doubt no more what to do about Victory Bonds. Because the need is greater than it has ever been before, buy one more bond than you have bought in any previous Victory Loan.
